

**AIRSTREAM®** Interstate 24GT

**2026 TOURING COACHES**

# About Interstate 24GT

With Mercedes-Benz® power and performance under the hood and Airstream’s legendary handmade craftsmanship inside, the Interstate 24GT is built for couples and solo travelers who want a premium travel experience. Hit the road for a multi-week odyssey or head south in style for the winter: the Interstate 24GT was designed to be as versatile as your travel plans. With comfort and dependability at the top of the list, Interstate 24GT delivers all the comforts of home – in abundance.

From the large galley and spacious sleeping quarters to the cleverly appointed on-board bathroom, Interstate 24GT is made for the grand tour that inspired its GT namesake. With belted seating positions for up to seven people and sleeping space for two, you can bring along friends for a day trip or hit the road with a loved one for the road trip of a lifetime. We load up the Interstate 24GT with every available safety and performance feature offered by Mercedes-Benz – and we include them as standard, not upgrade options. With an Interstate 24GT, you’re traveling in the very best of safety, performance, interior design, comfort, and efficiency every time you hit the road.

Once you arrive at your destination, conveniences like a full kitchen, an onboard bathroom, charging stations, and two smart flatscreen TVs let you enjoy your time in comfort and style. Swivel the captain’s chairs around and catch up on emails at the handy work station. Prepare snacks and drinks on solid surface countertops in the galley. Store accessories in the European-style curved cabinetry. Relax on plush, easy-to-clean Ultraleather™ seating surfaces. No matter where you turn, the Interstate 24GT is ready to impress.

Handmade construction utilizing best-in-class materials and iconic craftsmanship

Solid surface countertops, fine wood cabinetry, and luxurious sleeping quarters

Rear- and side-view cameras and driving assist features for ultimate safety and security

# Décor

“ I never thought I would love such a luxurious décor, but every time I step inside it really takes my breath away.” **MARK** Interstate 24GT Owner

## Floor Plan

The Interstate 24GT has belted seating positions for seven passengers. Front captain's chairs swivel to face a convenient work station on the street (driver's) side. A central galley features a single-burner induction cooktop and deep sink for preparing everything from a gourmet meal to healthy snacks while en route. Across the aisle a wet bath makes for an efficient use of space, with a showerhead that doubles as a faucet, a mirror that extends and swivels, and a totally waterproof toilet paper cover.

The rear of the Interstate 24GT is anchored by a wide seating area for up to five people around a central table. The seating area converts at the push of a button to a spacious sleeping area. Overhead lockers provide ample space to store dishware, food, bedding, and everything you need to make your journey complete. Behind the seating, rear doors swing open to reveal more storage and a clever table system that's perfect for outdoor entertaining.

# Exterior Features

Built on the powerful performance of the legendary Mercedes-Benz Sprinter van chassis, the Interstate 24GT is packed with exterior features that prioritize entertaining, camping, and enjoying the outdoors. The sliding door automatically opens and a powered step extends for easy entrance. Premium Air Ride Suspension provides the smoothest ride available, while the new standard Advanced Power System and roof-mounted solar panels ensure you have the power you need for the road ahead.

**1** 400 watts of solar panels on the roof harvest the free, abundant power of the sun.

**2** The powered awning extends and retracts at the push of a button.

**3** The standard Advanced Power Package combines a powerful battery system with a convenient single-fuel-source heating and hot water system.

**4** Air Ride Suspension handles bumps in the road, changes in elevation, and wind resistance for the smoothest ride possible.

**5** Safety sensors positioned around the exterior of the coach give you comprehensive situational awareness.

**6** Mercedes-Benz® performance under the hood is anchored by a powerful and efficient diesel engine.

# Specifications

\* Actual mileage may vary due to load, driving style, and overall conditions.  
\*\* Typical tow capacity will vary and is dependent upon build spec and intended vehicle loading with people, cargo, and fluids.  
\*\*\* New Vehicle Limited Warranty. Individual components may vary. See Owners Manual for specific warranty coverage and information.  
\*\*\*\* Weights are approximate. See Vehicle Sticker for specific vehicle information.

# Why You'll Love It

- You've spent your life dreaming of a grand adventure – now make that adventure a reality in the Interstate 24GT.
- Built as much for weeks-long trips as it is for the journey south in the winter, the Interstate 24GT is made for couples who want to travel in sumptuous, functional style.
- Air Ride Suspension ensures a smooth ride no matter the road conditions.
- Sliding and powered screens throughout the coach let you open windows to let fresh air flow freely through the interior.

# How It's Made

Each Mercedes-Benz Sprinter van chassis arrives in Jackson Center, Ohio fully loaded with safety and security features and one of the most powerful and dependable engines under the hood. Our expert craftspeople add external features like RV windows, vents, air conditioners, awnings, and undercarriage features like holding tanks and batteries. Standard seats are removed and re-upholstered with plush Ultraleather, while the interior is outfitted with electrical wiring harnesses, plumbing, gas lines, and insulation. We hand-craft every cabinet and storage locker in our woodshop, which are then installed alongside showers, beds, tables, and kitchen appliances. Every Airstream touring coach is put through an extensive water check to ensure there are no leaks before quality inspection teams test every component, system, and function before it goes out the door to a customer.

## Schedule a factory tour

1 Interiors are outfitted with electrical, plumbing, and insulation.

2 Seating is upholstered in-house with Ultraleather fabric.

3 Cabinetry and furniture is handcrafted and expertly installed.

4 Every coach is put through a water check to ensure it is watertight.

## Roll with the Best<sup>®</sup>

Product information, specifications, and photography in this brochure were as accurate as possible at time of printing. Photographs may contain some features that are optional on your vehicle.

Since we continually strive to improve our products, actual products may differ. Prices and specifications are subject to change without notice. All capacities are approximate and dimensions are nominal. Some features or options may be different or unavailable in other countries.

WARNING – The recreational vehicle weight must remain within the manufacturer's specified chassis weight limit. Do not overload the recreational vehicle through the addition of water, options, cargo or otherwise. Your safety depends on not overloading the trailer, axles, and tires.
