OUR STORY

In 1986, my father, Merv Rumpel, set out to build a Class B motorhome of exceptional quality—one that would stand the test of time. While others pursued high-volume production, he focused on craftsmanship, precision, and integrity. That vision continues to guide us and has helped establish Pleasure-Way as a trusted name in the RV industry.

Each motorhome is handcrafted to our exacting standards, resulting in one of the industry's lowest warranty claim rates and reinforcing our leadership in the Class B market.

We're proud of our dedicated team—many with us since the beginning—whose passion drives everything we do.

As we celebrate 40 years, our commitment to quality, safety, and innovation remains at the core of every Pleasure-Way motorhome. We look forward to the journey ahead.

Sean Rumpel
CEO, PLEASURE-WAY IND.
